INTRODUCTION

Whether you are recruiting new apprentices or upskilling existing employees using apprenticeship training, all employers are required to set up an Apprenticeship Service account to recruit and manage apprentices. We've put together a step-by-step-guide to help guide you through the process.

WE ARE HERE TO HELP

For support in setting up and using your Apprenticeship Service account, please do contact employer.training@gloscol.ac.uk or call 01452 563400 and we would be happy to help.

STEP 1: GETTING STARTED

To register for your Apprenticeship Service account, follow these simple steps:

1. Go to manage-apprenticeships.service.gov.uk and click **Create account**

The screenshot shows the 'Manage apprenticeships' page on GOV.UK. The main heading is 'Create an account to manage apprenticeships'. Below this, it states: 'You need to create or [sign in](#) to an apprenticeship account, then you'll be able to get funding to pay for apprenticeship training and assessment costs.' It then lists the benefits of using the account: 'You'll use your account to: • get apprenticeship funding • find and save apprenticeships • find, save and manage training providers • recruit apprentices • add and manage apprenticeships'. At the bottom is a green button labeled 'Create account >'.

2. Enter your name, email and a password and click **Set me up**

The screenshot shows the 'Set up as a user' page on GOV.UK. It has a heading 'Set up as a user' and a link: 'If you already have an account [sign in](#)'. There are input fields for 'First name', 'Last name', and 'Email:'. Below the email field, it says 'We'll send you an email confirm your identity.'

3. You will then be sent a code to verify your account

The screenshot shows the 'Confirm your identity' page on GOV.UK. It has a heading 'Confirm your identity' and a message: 'We've sent you an email To confirm your identity, we've sent a code to [annabel.smith@accountancy.co.uk](#)'. There is an input field for 'Enter code' and a green 'Continue' button. At the bottom, it says 'Not received an email? You can [request another email](#)'.

4. Next you'll need to add your PAYE scheme to your account, either using your existing Government Gateway login, or your PAYE Scheme reference along with the Account Office reference number (included in any HMRC correspondence to your business). Please note that all levy paying companies must use the Government Gateway route

The screenshot shows the 'Add a PAYE Scheme' page on GOV.UK. It has a heading 'Add a PAYE Scheme' and a message: 'We need you to add the PAYE scheme for your organisation. You can do this by using either of the following: • the Government Gateway login for your organisation • your accounts office reference number for your organisation'. There are two links: 'Find your Government Gateway details' and 'Find your accounts office and PAYE scheme reference numbers'. Below this, it says 'You can add a PAYE scheme later if you need more time, we can still create your account for you.' There are two radio buttons: 'Use Government Gateway log in' and 'Use accounts office reference number and employer PAYE scheme reference. You should only use this if your payroll for your'.

5. You will then be asked to complete a legal agreement with the Education Skills Funding Agency (ESFA).

The screenshot shows the 'Using your Government Gateway details' page on GOV.UK. It has a heading 'Using your Government Gateway details' and a message: 'You'll now be taken to the HMRC Government Gateway site where you'll be asked to sign in using your Government Gateway credentials. When you sign in to your Government Gateway account you'll be asked to 'grant authority' to allow your tax details to be used.' There is a green 'Continue' button and a link 'Skip this step for now'.

STEP 5: RECRUITING AN APPRENTICE WITH GLOUCESTERSHIRE COLLEGE

Once you have reserved the apprenticeship funding (Step 2) and have given Gloucestershire College full permissions (Step 4), our Employer Training & Apprenticeship team will be happy to create an advert for your vacancy and manage applicants on your behalf.

Your Business Consultant will work with you to collect all the necessary information to place your advert. Some of the essential information includes:

- Apprentice role and responsibilities
- The training your apprentice will take and expected qualifications at the end
- Expected career progression after this apprenticeship
- Application closing date
- Apprenticeship start date
- Pay, duration and working hours
- Essential qualifications for the role
- Skills and personal qualities required for the role
- Benefits and other useful information about your company that will help attract candidates

Once the advert has been submitted and successfully checked by the system, it will go live within 24 hours and will be searchable on Find an apprenticeship website.

The Employer Training & Apprenticeship team will then support you with managing and shortlisting applicants.

If you would like to **create the advert and manage the process yourself**, please watch [this video](#) for further guidance.
